BNP PARIBAS

BNP PARIBAS CAMPUS
ASIA PACIFIC

Welcome to the BNP PARIBAS APAC CAMPUS

We at BNP Paribas believe the strongest investment an institution can make is in its people. The BNP Paribas APAC Campus is a demonstration of the Bank's growth & people strategy in the region.

Located in Singapore at the heart of some of the most vibrant economies in the world, the BNP Paribas Campus is our central hub for training and development in Asia Pacific.

A stone's throw away from the airport, on a 14,000 square meter property, the Campus consists of 2 conservation buildings. Restored with the support of the Singapore Government, it now boasts a modern infrastructure and state-of-the-art technology.

The Campus

With a conducive setting and contemporary features, the Campus is a true reflection of a continually evolving organisation.

Constructed as one of the most modern learning and development centres, the APAC Campus is the venue of choice when conducting multi-country, multi-pole regional training, seminars, corporate off-sites and client events for Group entities and joint-venture partners. While the architecture of the building remains as a backdrop of Asia's rich heritage, the comfortable lobby and reception areas welcome you into a reflective mood. All common areas are WiFi enabled, allowing you to stay connected.

The Training Rooms

Armed with the latest audio-video features, small to large scale trainings and meetings can be held at the Campus allowing users to customise their requirements for best results.

Each room is equipped with features like smart boards, AV consoles and acoustic systems.

The rooms offer the flexibility to be adapted to any style i.e theatre, classroom, cluster or boardroom. You also have a choice of furniture options.

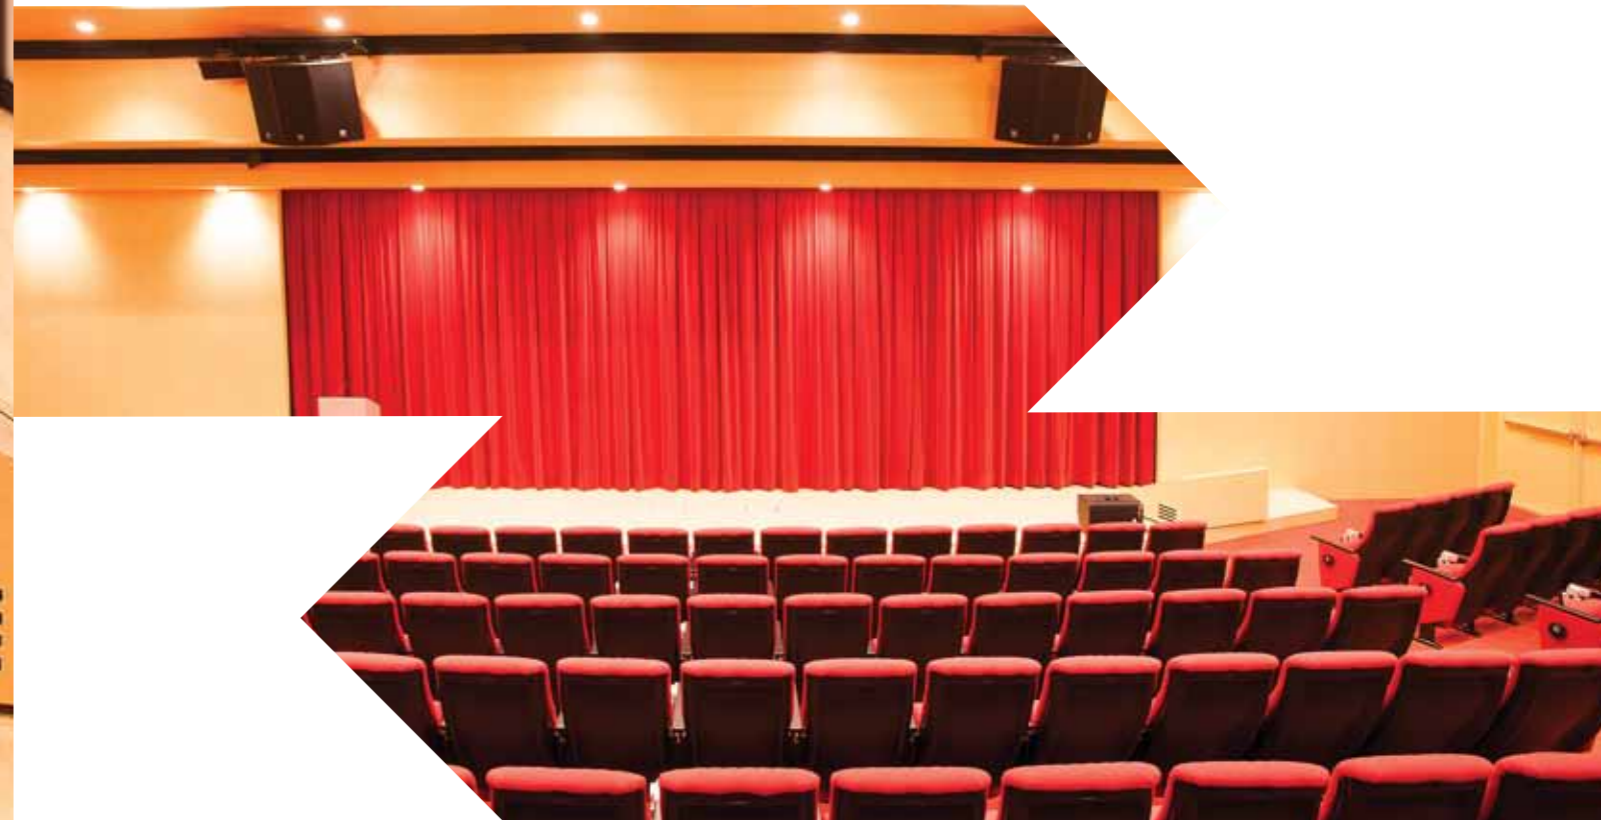

The Auditorium

With a seating capacity of 200, the auditorium operates as a stage that is able to host large-scale conferences and seminars.

Furnished with excellent sound and visual technology, the auditorium is equipped with a state-of-the-art multimedia control room including video displays, split screen functions, wireless and interactive clicker systems and a high-tech video conferencing facility bringing employees across the BNP Paribas globe closer to each other.

These features help facilitate high level seminars and remote access to the top management of the Bank.

Break-out Areas

The green and open Campus offers a variety of break-out spaces for small-group brainstorming and discussions. With 9 fully equipped break-out rooms, seatings in the verandahs and in the gardens help you think, grow and be creative.

The Restaurant

The multi-cuisine restaurant with a capacity of 120 seats serves diners in various ways ranging from quick working lunches to more elaborate buffet spreads. The adjoining lawn and pond area offers a very relaxed and cool ambience for your evening cocktail or client event.
